**Fish Friendly Farming
Farm Conservation Plan
Summary Sheet**

Site Name: Coursey Graves Vineyard

Address: 6860 Serenity Way, Santa Rosa

APN: 055-010-036

Certification Date: 3/4/2021

I have reviewed the above named farm plan and farm site and found the farm plan to be complete and accurate in its description of site conditions and management practices. The Fish Friendly Farming program is designed to assist farmers in the implementation of best management practices outlined in this farm plan. Upon full implementation, the Farm Plan would achieve all applicable Performance Standards for sediment and storm runoff control. The implementation of the program is expected to preserve the habitat of native fish species and facilitate responsible land use.
