Seeds for Bees:

Received a grant from Project Apis m, to plant seeds on our lots. Lot 3 was planted with the PAM Pollinator Brassica Mix down every row to the right of the main canal running through the property. Entire property is 340 acres of almond trees. Approximately 130 acres were planted with PAM Pollinator Brassica Mix. Plant Species in this mix includes Canola, Brassica napus, Bracco White Mustard, Sinapisalba, Nemfix Yellow Mustard, Brassica juncea, Diakon Radish, Raphanus sativus, Common Yellow Mustard, Brassica hirtum.

——— Blue line represents the main canal referred to above in comments.
