Pollinator Week June 17-23, 2024

Eighteen years ago the U.S. Senate's unanimous approval and designation of the final full week in June as Pollinator Week marked a necessary step toward addressing the urgent issue of declining pollinator populations. Pollinator Week has now grown to be an international celebration of the valuable ecosystem services provided by pollinating animals. The growing concern for pollinators is a sign of progress, but it is vital that we continue to maximize our collective efforts.

Pollinating animals, including bees, birds, butterflies, bats, beetles, and others, are vital to our delicate ecosystem, supporting terrestrial wildlife, providing healthy watersheds, and more. Pollinator Week is a prime opportunity to get the message of the importance of pollinators out to as many people as possible.

Pollinator Week Highlights

- Officially designated by the U.S. Senate and the U.S. Dept. of Agriculture in 2007
- 50 Governors have declared State Pollinator Week
- Pollinator Week brings together a diverse community of interested parties: government officials, farmers, ranchers, non-profit groups, teachers, school children, clubs, and a whole range of interested citizens taking action for pollinators
- Constantly updated Pollinator Week website with event listings, useful resources, and more!

NAPPC Conference

The 24th Annual NAPPC International Conference is an invitation-only strategic event that brings together the world's preeminent scientists and pollinator experts to discuss current issues affecting pollinators and ways to further pollinator conservation.

October 22-24, 2024

National Museum of the American Indian

The North American Pollinator Protection Campaign (NAPPC) is a private-public collaborative body that works to promote and protect pollinators. NAPPC is coordinated by Pollinator Partnership, a 501(c)3 non-profit organization.

NAPPC is a growing, collaborative body of more than 170 diverse partners. Respected scientists, researchers, conservationists, government officials, and dedicated volunteers are succeeding with major programs to protect pollinators, to raise pollinator-related issues, and to benefit the health of all species – particularly those most threatened.

More information about NAPPC and the 24th Annual NAPPC international Conference can be found at nappc.org.

Pollinator Partnership's Giving Policy

Diversity of funding sources is an essential part of Pollinator Partnership's (P2) commitment to the spirit of its diversity of stakeholders and the execution of its programs. P2 is committed to seeking funding from a broad spectrum of organizations and individuals whose support will advance P2's goals and objectives.

P2 will only accept financial support from donors who accept the following criteria:

- Funders must recognize and respect P2's mission
- Funders must understand and accept that they have no right or power to determine the content of P2 programs, opinions, or information materials, nor influence the selection of issues.
- Funders are aware that contributing to P2 does not bind them to P2 positions nor does it authorize P2 to speak for the contributing organization.
- Acceptance of a grant does not imply that P2 approves nor endorses the funder's activities or products.
