Planting Guide for your native pollinator garden

Use the arrangement below to have a continuous garden - spring, summer, & fall

NORTHWEST REGION
ID, OR, WA

6'

3'

Douglas aster
walter siegmund

Western coneflower
rhododendrites

mountain monardella
jim morefield

Oregon sunshine
krzysztof zarnek

showy milkweed
peganum

common yarrow
anemone projectors

redflower currant
krzysztof ziarnek

Oregon grape
salicyna

West coast goldenrod
john rusk

BLOOM SEASON
Spring
Summer
Fall

For best results,
use multiple plants
of each species

1 Identify your garden spot:

- ✓ Find a 3' x 6' plot that gets 6+ hours of direct sun.
- ✓ Have a larger area? Include more choices and clump the same species together.
- ✓ Remove or smother existing lawn or vegetation.
- ✓ Enhance hard-packed soil with organic compost.

2 Buy plants at a local native plant nursery, if possible.

3 Plant!

- ✓ Arrange plants with different seasonal blooms in your plot.
- ✓ Dig holes twice as large as each plant's pot.
- ✓ Remove the plant from the pot, loosen the roots, place it in the hole, backfill, tamp soil, and water.
- ✓ Mulch plot to depth < 1 inch, keeping mulch away from stems and avoid using hardwood chips and shreds.

4 Maintain your garden:

- ✓ Water to keep moist throughout the first two weeks, then as needed or when plants droop.
- ✓ Weed as needed.
- ✓ Avoid using insecticides, herbicides, or fungicides.
- ✓ Be patient - your garden may take a few years to fully establish and fill in!

BLOOM SEASON | NATIVE PLANT OPTIONS

Your state's native plant society can recommend additional locally appropriate native species. See **North American Pollinator Protection Campaign Ecoregional Planting Guides** for additional information: www.pollinator.org/guides.

SEASON		
Spring	common yarrow ○ *Achillea millefolium*	wax current ○ *Ribes cereum*
	Oregon grape ○ Mahonia (Berberis) aquifolium	common yarrow ○ *Achillea millefolium*
common yarrow	redflower currant ● Robes sanguineum	threadleaf phacelia ● *Phacelia linearis*
Summer	showy/narrowlead milkweed ● *Asclepias speciosa* *A. fascicularis*	showy/narrowlead milkweed ● *Asclepias speciosa* *A. fascicularis*
	Oregon sunshine ○ Eriophyllum lanatum	sulphur buckwheat ○ *Eriogonum umbellatum*
mountain monardella	mountain monardella ● *Monardella odoratissima*	scarlet gilia ● *Ipomopsis aggregata*
Fall	Western coneflower ● *Rudbeckia occidentalis*	rubber rabbitbrush ○ *Ericameria nauseosa*
	West coast goldenrod ○ *Solidago elongata*	Canada goldenrod ○ *Solidago canadensis*
western coneflower	Douglas aster ● *Symphyotrichum subspicatum*	common sunflower ○ *Helianthus annuus*

○ *color dots above indicate bloom color*
