

# Seed Vendors

*This is a list of some known wholesale and/or retail vendors of conservation seed. This is not a complete list of available vendors, nor is it an endorsement or recommendation of any vendor listed, but simply a resource to help interested parties start their search. The listed vendors ARE NOT GUARANTEED to be registered/certified seed labelers with the Ohio Department of Agriculture (ODA), so you will need to individually confirm a vendor's certification before purchasing seed intended for use on Conservation Reserve Program (CRP) acres.*
